EDUCATION

SVIET Nandamuru Machailipatnam, AP
Bachelor of Technology (B.Tech.) in Computer Science, CGPA – 6.69 *December 2020 – May 2023*

EXPERIENCE

Jr. Software Engineer Chennai, TN
Anur Cloud Technologies *SEPTEMBER 2024 – present*

- Developed and maintained responsive, high-quality frontend applications aligned with design specifications and best coding practices.
- Collaborated closely with designers, backend engineers, and QA in Agile sprints to deliver features on time.
- Performed testing and debugging, contributing to team processes and continuous improvement.

PIVC & Video KYC Web Applications for Insurance & Banking Clients
Clients*:* AVIVA, SUD Life
Role: Frontend Developer
Technologies: HTML, CSS, JavaScript, Phaser 3, REST APIs, SMS/Email APIs

- Contributed to the development of a web application for video KYC, enabling insurance agents and clients to seamlessly manage policies, including SMS and email services.
- The application facilitates a pre-policy verification call, allowing insurers to confirm personal and policy details, verify medical declarations, and make informed decisions.
- Integrated face and smile detection, along with video capture capabilities, using JavaScript and Phaser 3.

PROJECTS

BLOCK CHAIN – Agriculture Sector | *HTML, JAVASCRIPT, JAVA, MYSQL* NOV 2023 - APR 2023

- Developed a prototype system based on block chain and EPC Information Services (EPCIS) to establish transparent and secure connections among stakeholders including farmers, logistics providers, refiners, government auditors, retailers, and consumers.
- Enabled end-to-end traceability of goods, improving supply chain visibility and accountability.
- Ensured data integrity and trust through decentralized ledger technology, supporting regulatory compliance and consumer transparency.
- Facilitated real-time tracking and information sharing across the supply chain to reduce fraud and inefficiencies.

TECHNICAL SKILLS

Languages: HTML, CSS, Bootstrap, JavaScript, Python.
Frameworks : React.
Developer Tools : Git, Visual Studio Code.
Database : SQL.

CERTIFICATIONS

- Full Stack Python Course – Naresh i Technologies (2024)
- Introduction to Internet of Things – NPTEL (2022)
- Programming Foundations: HTML, CSS, and JavaScript – Duke University via Coursera (2020)
