Summary

Frontend Developer with 1.6 years of experience building web applications in KYC and insurance domains. Proficient in JavaScript, REST APIs, and Agile methodologies. Looking for opportunities in fintech or product-based companies.

EDUCATION

SVIET (Affiliated to JNTUK) Nandamuru, AP
Bachelor of Technology (B.Tech.) in Computer Science, CGPA – 6.69 *Dec 2020 – May 2023*

EXPERIENCE

Jr. Software Engineer Chennai, TN
Anur Cloud Technologies *SEP 2024 – present*

PIVC & Video KYC Web Applications for Insurance & Banking Clients
Clients : SUDLife, Bharathi AXA
Role: Frontend Developer
Technologies: HTML, CSS, JavaScript, REST APIs

- Build and maintained responsive frontend applications for 2 major insurance and banking clients (SUD Life, Bharathi AXA), ensuring pixel-perfect UI and adherence to design specs.
- Collaborated with a cross-functional team of designers, backend engineers and QA in Agile sprints, consistently delivering features within deadlines.
- Performed frontend testing and debugging using Postman and browser dev tools, improving application stability and reducing production issues.
- Developed a Video KYC web application enabling insurance agents to onboard clients digitally, streamlining the policy onboarding process.
- Built a PIVC (Pre Insurance Verification Call) module allowing insurers to verify customer details, policy details and medical declarations before issuance.

Digital Business Cards – NFC & QR Code Web APP

- Developed a web application to generate and share digital business cards using QR codes and NFC technology. Eliminating the need for physical cards.
- Built a user-friendly form allowing users to enter personal details and instantly generate a scannable QR code and NFC-compatible profile link.
  Technologies: HTML, CSS, JavaScript, REST APIs

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Python.
Frameworks & Libraries: React, Bootstrap, REST APIs.
Developer Tools: Git, Postman, Visual Studio Code.
Database: MySQL.
Soft Skills: Team collaboration, Problem-solving, Time Management, Adaptability.
